

Power Supply - ID Series

The ID Series Power Supplies have been selected as a stand alone 24v DC power source for our range of actuators. The power Supplies are ideal for use with the AS10 Current Limit Device.

Additional Technical information available on request.

ID60

Input voltage	90-264v AC
Output Wattage	60 watts
Output Voltage	+24v DC
Output Current	2.5 Amps
Dimensions	L90 x W40.5 x D114mm

ID120

Input voltage	90-264v AC
Output Wattage	120 watts
Output Voltage	+24v DC
Output Current	5 Amps
Dimensions	L124.5 x W64 x D123.6mm

ID240

Input voltage	90-264v AC
Output Wattage	240 watts
Output Voltage	+24v DC
Output Current	10 Amps
Dimensions	L124.5 x W83.5 x D123.6mm
